Quido 300 ml
GQJ0300

QUIDO

Quido! A younger brother of the Halm lemonade glass. What is Quido? Zoomorphic design? A cocktail glass? An aromatic enhancer? It is a new challenge in the hands of all creative enthusiasts, perfect for next-level plating and cocktail creations.

Poly 300 ml
GPJ0300

The rediscovery of the craft cocktail is in full swing. As a tribute to this movement Barprofessional presents a series of high quality tools with the title 'The Premium Speakeasy Collection'.

A reference to the illegal bars from the 1920s of the 20th century during prohibition in the US, and the emergence of the classic cocktail recipes from that period. Superior materials combined with timeless design and functionality.

Designed for the professional and demanding bartender who understands his trade.

zzysh®

ENJOY BY THE GLASS SAVE THE BOTTLE

Unlike conventional stoppers or vacuum pumps, the revolutionary zzysh® Wine Preservation System keeps a bottle's natural flavor and quality for weeks after opening. This unique Swiss technology replaces the air in the bottle with 100% food-grade argon gas to protect the wine from oxidation and loss of flavor. It works with all kinds of wines like red, rosé or white, and allows wine lovers to enjoy wine by the glass without having to finish the entire bottle. Tested and recommended by wine experts all over the world.

WHY THE ZZYSH® WINE PRESERVER?

Highly effective wine preserver that prevents your wine from oxidizing.

Preserves natural flavor and quality for weeks.

Replaces the air in an opened bottle with 100% food-grade argon gas.

Innovative Swiss design using high-quality materials that make it extremely easy to use.

YOUR OWN UNIQUE CUSTOM IMPRINT

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to Make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

Our products are available in the best possible packaging. Our header cards with eurolock ensure a well-organized, professional shelf presentation, which will boost your sales.
